

Ingenico Telium2 iCT250

Meets All Your Payment Needs

Integrated All-In-One Terminal

Benefits at a Glance

- Accepts all payment types
- Contactless payment capabilities
- Accepts EMV chip cards
- Compact hand-over design

This all-in-one countertop terminal features everything you need to easily and securely process payments. The iCT250 supports a full range of payment types including, credit, debit and gift cards. And it's ready for the acceptance of secure EMV "chip" cards, protecting you and your customers from counterfeit card fraud. The iCT250 also has integrated Contactless technology that extends the convenience of "tap and go" payments and prepares you for the acceptance of mobile wallets.

Ingenico Telium2 iCT250
